

Leiden/Amsterdam
Center for Drug Research

Universiteit Leiden/Vrije Universiteit Amsterdam

LACDR Spring Symposium 19 April 2005
Vrije Universiteit Amsterdam,
De Boelelaan 1055, Amsterdam

09.00 h Preparation posters by the PhD-students and registration
09.30 h Introduction by **Prof.dr. Nico P.E. Vermeulen, Director of Research**

09.45 h **Prof.dr. Hans Bräuner-Osborne, ULLA Lecturer,**
The Danish University of Pharmaceutical Sciences,
Department of Chemistry, Denmark
Title: Deorphanization of GPRC6A: a promiscuous L- α -amino acid receptor with preference for basic amino acids

10.30 h *coffee/tea break*

11.00 h Presentations by 4 PhD-students
Janneke Hulshof, Division of Medicinal Chemistry Amsterdam
Eric-Wubbo Lameijer, Division of Medicinal Chemistry Leiden
Marjo de Graauw, Division of Toxicology
Arjen de Boer, Division of Biomolecular Analysis

12.00 h poster presentation of all (approx. 80) LACDR PhD's and lunch buffet

14.00 h Presentations by 5 PhD students
To be announced, Division of Pharmacology
To be announced, Division of Biopharmaceutics
Lineke Zuurman, CHDR
Leo Enthoven, Division of Medical Pharmacology
Barbara Lussenburg, Division of Molecular Toxicology

15.15 h *coffee/tea break*

15.30 h **Dr. Jos H.M. Lange**
Solvay Pharmaceuticals, Research Laboratories, The Netherlands
Title: Concepts and Trends in Drug Discovery

16.15 h Presentation of the winner of the AIO competition and presentation of the Progress Report 2004 by **Prof.dr. Gerard J. Mulder, Director of Research**

16.30 h Closing and reception
